KEEP YOUR PERSPECTIVE

"If we could shrink the Earth's population to a village of precisely 100 people ... with all the existing human ratios remaining the same, it would look like this:

There would be 61 Asians, 12 Europeans, 13 Africans, 9 from South America (and the Caribbean) and 5 from North America.

80 would live in substandard housing

75 would be non-white, 25 would be white

70 would be non-Christian, 30 would be Christian

60 have never heard a dial tone

50% of the entire world's wealth would be in the hands of only 6 people, and all 6 would be citizens of the United States

50 would suffer from malnutrition

48 would live on less than \$2 a day

20 would live on less than \$1 a day

16 would be unable to read and write

2 would own a computer

1 would have a college education."

Keep your perspective.
